OFFICIAL TRANSLATION

Mari C. da Silva has very successfully translated legal as well as technical documentation for a tender we submitted last year. She translated a Portuguese RFP [Request For Proposal] to English and our English response to the RFP to Portuguese.

Her technical translation is accurate and she has an understanding of legal as well as technical documentation. She translated Navigational Aids equipment technical manuals from English to Portuguese quite successfully as we were awarded the contract.

She has successfully handled high volumes of documentation, which she submitted within target. She is very dependable and thorough.

You are most welcome to contact me should you require any further information on +27 12 679 2372.

Yours Sincerely

For and on behalf of
Saab Grintek Defence (Pty) Ltd
