To whom it may concern,

RE: Letter of recommendation

Mari has been translating for Lawyers for Human Rights for the past several years. She has translated documents and letters for our meetings as well as for our website: legalassistancecluster.org for our paralegal project.

She has further translated some pamphlets for Refugee Aid Organisation when the xenophobic attacks occurred last year. As these were urgent, she completed them quickly. We will continue using her and recommend her to anyone who needs translations into Portuguese or Portuguese into English.

Regards,

Claudia Serra
